### OCP released a new ink set for Canon PG-540 / CL-541 cartridges

OCP's Research and Development department released a new set of inks for Canon PG-540 and CL-541 cartridges. Besides the already well known BKP 44 as black pigment ink, a set of three new color dye-based inks has been developed to guarantee OEM like printing performance and results.

The PG-540 / CL-541 cartridge series is used in Canon Pixma MG 2150, Pixma MG 3150, Pixma MX 375, Pixma MX 435 and Pixma MX 515 printer models

The properties of the corresponding printer models are:

- printing on A4 media size
- resolution up to 4800 x 1200 dpi
- borderless printing possible
- Hi-Speed USB interface
- LED-Display
- maximum black printed pages per minute: 8,4
- maximum color printed pages per minute: 4,8
